"I have been using Vega's Dental Lab for over 6 years. Joel's technical knowledge and attention to detail are very evident in the quality of his work. Recently, I completed an implant-supported, full arch reconstruction, meeting with Joel multiple times to collaborate on the optimal treatment plan for the patient. As always, the quality of the prosthesis was exactly as I expected." - Dr. Jon Stocker

Products & Services

Vega's Dental
Laboratory Solutions

Why Choose Us:

You'll receive the highest quality dental prostheses, produced with the most advanced equipment and materials on the market.

Our owner/Master Technician Joel Vega has over 20 years of experience, so you can trust in our knowledge and expertise for a job well done.

You will be supporting a small, locally owned and operated business. Thank you!
